OUR CHOCOLATE...

RABOT ESTATE is one of only a handful of true Tree to Bar producers in the world, linking cocoa grower and consumer directly. Our Engaged Ethics program has transformed the livelihoods of 117 independent Island Growers in Saint Lucia by a combination of fair prices, increased expertise, cutting out the middle men and a sustainable direct-to-consumer model. Try the Island Growers 50% Dash of Milk to get a taste of this.

WITH AN EMPHASIS ON great beans from the best growers (we have many farming friends around the world who we source from too) our selection includes something to tempt every palate. From our innovative Dash of Milk chocolates all the way through to our selection of 100% Cacao Bars. And don't miss our very own, brand new for summer 2011, '66% Rabot Estate' it's our best yet.

DATING FROM 1745 Rabot Estate is Saint Lucia's oldest cacao plantation, owned by the founders of Hotel Chocolat. Their passion is to democratise access to rare cocoa and fine chocolate and here at Rabot Estate Borough Market we are here to make it happen.
